

Product Change Notification

TE Connectivity

Product Change Notification: E-21-004997

PCN Date: 05-MAY-21

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

CPC Connectors

Description of Changes

1. Delete the existing AMP logo molded into the housing. Add a molded TE logo close to the molded part number where possible. The molded TE logo and molded part number may be located on any flange edge of receptacles or body surface of plugs. 2. Add laser marking as an option to mark the part number, date code and country of origin to the housings containing such markings.

Reason for Changes:

Product Improvement. 1. Change brand marking from AMP to TE. TE considers this a form change because the logos are external visible features of the parts. 2. The markings are currently applied using ink stamping. The laser marking option has the advantage of being more permanent than ink as well as environmentally friendly.

Estimated Dates:

Last Order Date (Obsolete Parts Only):	First Date To Ship (Changed Parts Only):
	10-NOV-2021
Last Ship Date (Obsolete Parts Only):	Last Date for Mixed Shipments: (Changed Parts Only):
	30-NOV-2022

Part Number(s) being Modified:

Part Number	Part Discontinued per PCN	Customer Drawing	Customer Part Number	Alias Part Number(s)	Substitute Part Number	Substitute Alias Part Number(s)	Description Of Difference
