PCN Overview

Discontinuation Information

Previously, NXP Semiconductors announced the decision to scale down operations at our Oak Hill Fab, located in Austin, Texas, through General Notification 202009009G: NXP Semiconductors Will Scale Down Operations at Oak Hill Fab, Issued 11-Sep-2020.

Continuing this process, NXP Semiconductors now announces Product Discontinuation Notification 202012014DN for some of the identified Oak Hill Fab End-of-Life motion and pressure sensor products. These products consist of current devices and technologies, which will be migrated to new wafer fab site(s) either with exact, or with potentially modified form, fit, or function, when compared to the current Oak Hill Fab product.

Please see attached for product specific discontinuation details, including product Last Order Date, Last Delivery Date, and potential replacement options.

Your assistance with early Last Order quantity assessment and input is imperative to ensuring order fulfillment and satisfaction.

Please consult with your NXP Sales Team if any questions or concerns.

This Discontinuation Notice confirms to your company that NXP Semiconductors (NXP) is now discontinuing the manufacture of a number of its integrated circuits and discrete semiconductors listed in the Part Type Affected list included with this notification. In accordance with NXP product discontinuation policy and JEDEC EIA/JESD48, we are hereby giving notice of these product changes so that our customers and partners can adjust their product purchasing records, or make any final lifetime purchases of the discontinued products that can still be supplied by NXP.

While this Discontinuation Notice contains a number of NXP discontinued end-of-life Product Types, the Part Types Affected (PTA) list represents a small percentage of NXP overall semi-conductors product portfolio. Some of these discontinued products have had little to no recent sales history or they are at the end-of-life (EOL) stage. The PTA list may also cover a number of versions or selections of the same basic Product Type.

We regret the inconvenience and impact this notice may cause. NXP Semiconductors' sales,

marketing and distribution personnel stand ready to assist you in placing our customers and partners's final orders, or in providing product information you require. On behalf of NXP Semiconductors, we appreciate your understanding and assistance in helping us to help you minimize the impact of this product discontinuation on your company. We look forward to NXP Semiconductors' continued support of your company's semiconductor requirements in the years to come.
